b. Materials Distributed.

(1) 100 Bags of cement, one hundred pounds of cookies, five hundred pounds of white wash, four hundred pounds of rice, nine truck loads of sand, six truck loads of empty 105 ammo boxes were distributed.

c. Special Civic Action Projects.

(1) The training of the nurses at Tuy Loan continues. The Battalion Surgeon has arranged for a dental team to visit the area.

d. Apparent results of Civil Affairs Program.

(1) The most obvious result of the 3d Battalion, 3d Marines civil affairs program is that the people now trust the Marines enough to turn in mines. The attitude of the people toward the Marines is constantly improving. Sanitary conditions in all the hamlets in the Battalion ZOA have been greatly improved in the last few months.

B-2 Chronology

1. Significant Events. There were no significant enemy events during this period in the Battalion TAOH. In comparing this month's incidents with those of July, there was an increase in mining incidents and considerable decrease in small arms and grenade incidents (see paragraph 5.c.(1)).

2. New Developments. No new developments were noted during the period.

3. Problem Areas.

a. This Battalion received 2 modified AN/TPS-21's (some tube components have been replaced by transistors) on 21-August, which due to operational commitments have not been placed in operation and no evaluation has been made of them.

b. Shortage of interpreters continues to hamper units of this Battalion, particularly in the areas of civic action/civil affairs, the CAC platoons, and routine daily contacts between units in the field and the civilian population.

4. Weather. The rainfall has increased from 2.5 inches during July to 5.0 inches during August. The maximum high temperature recorded was 95 degrees. The minimum low recorded was 75 degrees. The weather, though creating some discomfort for troops, had no appreciable effects on operations.

5. Intelligence Summary.

a. V.C. initiated incidents remained at approximately the same level as July, taking into consideration the shorter period which this report covers (1-20 August).

b. There was a total of 56 V.C. initiated incidents during the period as compared to 79 during July. The main activity continued to be mining, mostly anti-personnel type. There was considerable decrease in small arms and grenade throwing incidents.

c. The 56 V.C. initiated incidents included the following:

- (1) 44 mining incidents, compared to 36 during July.
- (2) 10 small arms incidents, compared to 32 in July.
- (3) 2 incidents of grenades being thrown.

The majority of the mining incidents continue to be effected with grenades. Of the 44 mining incidents, 14 were home-made type or unidentifiable after detonation. A total of 24 of the incidents were grenades (12-M26 and 12-chicom).

The remaining 6 identifiable mines utilized the following: ~~2-105mm~~ shells, 2-M79, 1-60mm, and 1-M16A1.

6. Daily Intelligence Summaries. Attached as appendix 1 (original only)

7. Special Intelligence Report. None.

8. Prisoner Report.

a. There were 2 VCC apprehended during August.

b. There were 20 VCs apprehended and sent to JTF or Hieu Duc District Headquarters.

9. Enemy Casualties.

a. There were 5 VC killed (body count) during August.

b. There were 2 VC wounded (probable).

10. Captured Supplies and Equipment. Captured weapons included 1-M16 36, 1-MK II fragmentation grenade, 4-chicom grenades, 5-M26 grenades.

11. Destroyed Defenses/Positions. There were 6 caves and 21 punji pit/man-traps destroyed during August.

1. SITUATION.

a. Enemy Forces. See current INTSUMS.

b. Friendly Forces. No change.

2. MISSION. CAC 34 will conduct Search and Clear Operations in assigned TAOR. ALPHA area is primary patrol area, BRAVO area is secondary patrol area. (See Overlay)

3. EXECUTION. CAC 34 will occupy a platoon patrol base at (AT 909749) and commence operations on 9 August 1966.

a. Coordinating Instructions.

(1) H-Hour is 0600 and D-Day is 9 August 1966.

(2) The minimum size unit for a patrol is the squad, reinforced with a radio communications capability. At no time may any patrol number less than eight (8) men.

(3) All patrols will have an FO capability. A patrol is considered to have FO capability when the patrol leader has radio communication with his parent unit, and is capable of calling and adjusting supporting fires.

(4) Units will have designated elements prepared to immediately deploy to reinforce all listening posts, patrols and ambushes.

(5) Patrols, ambushes and isolated defensive positions will contain at least 8 men, and will have positive means of communication (wire, radio, or both) with their parent units. Specific plans for re-establishing communications, in event of communication failure, will be developed before any of these combat activities depart its parent unit's area.

(6) Commanders shall establish a system of positive communication checks with all combat activities operation outside CP or base camp locations. Such checks shall be conducted at least once each hour, as a minimum. Specific plans for re-establishing communications, in event of communications failure, will be developed before any combat activity departs its parent unit's area. Inform this Headquarters immediately when communications contact is lost with any subordinate unit.

Encl(3)
Tab(D)

(7) Patrol overlays will be submitted to this Headquarters (Attn: S-3) by 1200H daily and 96 hours in advance. Changes for patrol activities will be submitted to this Headquarters (Attn: S-3) by 1200H and 24 hours in advance of scheduled activity.

(8) All patrols must have checkpoints indicated on overlays. Checkpoints will be shown in black, and ambush sites in red, on patrol overlays.

(9) Rules of Engagement are in effect and are as follows:

(a) Individual.

1. Rounds will not be chambered in individual weapons unless contact with the enemy is imminent. The senior Marine present will determine if, in his judgement, this measure must be taken to preserve the lives of USMC personnel.

2. Initiation of any offensive or defensive formation implies imminent contact with the enemy.

3. During the hours of darkness the sequence of engagement will be:

a. Challenge

b. If the person challenged makes an overt attempt to avoid apprehension, opens fire or commits any other hostile act, and therefore endangers the life of the challenger, the challenger may load and fire.

c. Unit Commanders may prescribe illumination prior to firing if local circumstances allow.

d. The requirement for challenge may be waived by the local commander if required by the tactical situation and friendly forces are known to be in the area.

(b) Unit.

1. Supporting arms will not be fired into any populated area except when the infantry commander on the ground personally determines that such action is necessary to save Marine lives, and that there is no alternative to such a course of action.

2. All supporting arms missions except pre-planned barrages will be approved positively by this Headquarters.

3. None of the foregoing is intended to deny the application of force against the source of hostile fires. Enemy forces engaging friendly troops will be destroyed by utilization of any available means.

(10) Rules of Engagement for traffic on waterways are in effect and are as follows:

a. During daylight hours, watercraft not responding to hail or challenge are to be warned by firing warning shots into the air, or across the boat's bow. If personnel in the boat perform a hostile act, or continue to commit an obvious attempt to avoid apprehension, units may open fire on boat.

b. During the hours of darkness, except for craft of U. S. and allied forces, any craft moving on inland waterways may be fired upon if there is a reasonable suspicion that it is transporting enemy personnel, weapons, or supplies. All friendly boats should be carrying a light during curfew hours in 3d Bn, 3d Marines Zone of Action.

c. All craft, except for those of U. S. and allied forces, are subject at any time to pursuit, detention and search if there is a reasonable suspicion that the craft are transporting or harboring enemy personnel, weapons or supplies.

d. Craft moving during daylight hours which are stopped and searched on the basis of reasonable suspicion will be permitted to proceed if the search produces negative results. Craft stopped and searched during the hours of darkness will be detained until daylight even if the search produces negative results.

(11) Curfew hours for indigenous personnel in 3d Bn, 3d Marines Zone of Action are from 2000H until 0500H daily.

(12) Except under condition of emergency, no military vehicles are to proceed on roads within the 3d Bn, 3d Marines Zone of Action between the hours of 1900H daily and first light.

(13) No individual is to proceed alone from any position within the Battalion Zone of Action.

(14) Marines of this Battalion shall habitually employ the "Buddy System", as a minimum personnel security measure, within or outside the Battalion Zone of Action.

(15) Armored vests will be worn in all night defensive positions, and will be available for immediate use in all day defensive positions. Armored vests will be worn on all patrols, ambushes and offensive operations unless otherwise authorized by this Headquarters.

(16) On defensive positions in which bunkers are constructed, the general policy shall be that bunkers will be used for living/sleeping spaces, with adjacent fighting positions constructed from which Marines will fight.

4. ADMINISTRATION AND LOGISTICS.

a. No change.

5. COMMAND AND COMMUNICATIONS - ELECTRONICS.

a. Communications - Electronics.

(1) CAC 34 will come up on 3d Battalion, 3d Marines Command Net at H-Hour.
